	AMENITIES	PARKING	HOUSING / DEVELOPMENT	COMMUNITY	ENVIRONMENT	TRANSPORT	BUSINESS	OTHER	
Zebra crossing, improved lighting, 2 bright bollards, like Endorford	Community Cafe	Legal parking	Housing on Vantage Point to include Green space, some business/ house units i.e 3 bed house + office work units, solar, grey water, wind turbine, wide pathways, 2 floors, stone facia to match area colours	lovely village	Mitcheldean is lucky for the number of green spaces it has should keep them as off as possible.	Need a good bus service to Gloucester best in place	Hope we get a toy drop	Rubbish left long term in the front gardens of people's houses e.g old windows, builders bags etc. Perhaps a gentle hint about keeping the village tidy	
LED speed warning signs on Bradley Court Road as cars are driving very fast	Path at the top of the park could do with resurfacing.	Parking should be free or we'll end up at Melrose all the time	The girl building next door to Stone Gooch would make affordable flats for low income families. I think it needs to be a priority not because we need the housing but also because it's so expensive	Moved to area from Acton Ingham - enjoy living in Forest and proud to be Mitcheldean.	Need to retain the character of the village.	Bus service to Ross on Wye and Forest is important	Need to protect employment (on Vantage Point)	Dogs in park could be better policed x2	
Speed through village High Street needs addressing	Use the village	Not enough parking spaces for development of over 55 housing at the George pub plot. Over 55% do keep driving well in to retirement.	Pink House could be used as flats		Retain green spaces		We need a few more shops	Ban off lead dogs	
More CCTV cameras	We are very fortunate in having 2 very good schools in the village. Hopefully they will be able to take in new pupils from the village each term or expand	Where is the parking for the new houses where the George is now?	The bus depot behind the church I am sure you know is an ideal site for housing		I agree with the landscape protection policy		Better access into the Mews, longer hours and signage for small business	Ban multiple dog walking across playing fields	
Move Zebra crossing - too dangerous where it is	We love the Library & essential to take as a service. Please keep it going if frequently walk to work from Ruardean) & back it is imperative Public footpaths are not lost & are kept clear.	Car parking is a hidden problem	Yes to homes on Cotwells and the George				I don't live in Mitcheldean but work in landscape here, my across goal running a business from here. Used to have a unit out of the Wellisher Cafe, it's such a unique building is probably overlooked for development. Maybe as an Arts Centre or Arts studios/ pop up studios.	Path above park needs resurfacing - much better since it's been widened	
20mph speed limit through the village		No new dwellings without at least one space	Regret conversion of any VP89 area from potential employment to housing				Mitcheldean really needs to attract more jobs in Vantage Point Business Village for young people.	Need a mascot	
	Library important	Library car park to be totally free to prevent new residents legitimately buying permits and blocking important parking to the detriment of the shops	Housing on Tat (no steps) to allow people to remain in village				Vantage Point good value for business	Appreciate being close to Coleford, Cinderford and Newnham.	
	Hope the benefits of having 2 schools in the village are really appreciated - these are the young people of the future for the village	Butcher lost 15% of turnover when charged parking came in	7 any more big housing developments on Surgery already at breaking point				Protect local business	Wellisher cafe in Mews	
	Encourage help to improve community centre / pavilion	Ensure adequate parking in all new developments like in the recent. Most families have 2+ cars.	Why not move Dr Surgery to George. Will be bigger and have it's own car park				Suggestions for new hopefully sustainable business for the village - Bakery 2, Coffee shop/ cafes/childrens/ basic mens	Shops good do most shopping at local	
		Adequate parking is absolute necessity	Sad if they build at the end of Glee Close				No more Fast Food outlets in Mitcheldean		
		Remove parking charges	Can't like the look of the houses in Woodland View - does not give a very good impression of the village is George it going to be challenged accommodation or a warden or totally private						
			Please redevelop Gooch Corner. If it is developed with a new George development opposite would be a good gateway to village						
			Church extension - present spaces severely limited - suggestion Cotwells Garage						
			School development plan to meet increased village expansion needs has been partially funded by the Diocese. However reduced Govt funding has left the school desperately needing £10,000 to meet requirements of the funding - HELP						
			Could one of the George old buildings be made into a common room which could host luncheon tables etc Mitcheldean could develop the old building next the Estate Agent						
			Of all the recent developments Woodland View looks like a prison from Gloucester Road						
			Any room for development in the landscape here?						
			Agree with housing on Vantage Point but not the entire site						
			Protect the Mews						
			No housing building on opposite side of Gloucester Road						
			All developments to be in keeping with the village						
			There is threat from 32 new dwellings at the George with only 18 parking places. This has outline planning approval. What control over who moves in? What's to stop 50+ people with jobs and 2 cars.						
			New buildings should blend in and not dominate the environment. New buildings should be 3 storeys - Use Forest or normal brick, stone not pale Cotswold						
			Fast houses with Forest stone NOT Cotswold yellow						
			When constructing new properties greater concern for the structure to blend with the surroundings should be considered i.e Woodland View						
			Any development must be in keeping with the general ambience of Mitcheldean i.e design materials etc						
			No redevelopment at greenfield sites						
			Retain anything obtrusive						
			I am all for new housing both private and social - but not for old folks. The school will need funds to increase its capacity						
			Crash House opposite George needs some attention						
			55 houses but only 15 parking spots! Really? Terrible idea given there is already parking difficulty in the village						
			Retain village feel look after old buildings						
			No building on other side of main road
